KEEP TO THE RIGHT

The Town Council have now ac-
quired two "albatrosses" for the
town, and placed one at the
corner of First Avenue and Main
Street, and the other at the corner
of Gilman's Garage and Queen's
Hotel. These have been supplied
on 30 days approval by an eastern
firm, who said the firm, and its
manufacturers or the taxpayers
deeds they are not wanted, can be
returned at the expense of the
company without obligating the
Council in any way.

We think these should be retained
by the town, and will fill a long
job. The cost is only about
\$25.00 apiece, and they will
consequently share with the glow of
their red lights, especially after
dark, in the most conspicuous ac-
cidents. But it would be for motorists
to observe the traffic rules
Some are regarding these "albatrosses"
"albatrosses" altogether as if they
didn't exist, which are placed for
their own safety as well as others.
Many motorists have been observed
driving in the most dangerous
street, and accidents are certain to
happen if this practice continues.

Once the Council have decided,
with the approval of the taxpayers,
to permanently establish these safety
devices, those motorists driving
against the traffic rules will be
confronted with the "albatrosses".
